

Notice of Upcoming Works

We may be working late on Wednesday 10th February 2016 to complete a section of the Ground Floor Basement. As you can see below if we do work late we will only have a minimum number of people onsite and noise will be kept to a minimum.

A1. Description of the Work

On the floors that require a power floated finish to the concrete, power floating may run after 6pm. The GCL site manager will inform St James if he anticipates the power floating operation will run after 6pm.

The operatives will be working accordance with the method statement for the works (Addendum to the substructure method statement for the construction of reinforced slab ground floor slab. This document specifies out of hours specific details.

During the course of the works noise levels will be kept to a minimum. Power floats will only be used when required and switched off when not in use. Operatives will also restrain from shouting and keep the noise levels to a minimum.

If you require any further information please contact **John Morris: 07717 548 329** or **020 8232 2600** or email: **siteoffice@heritagewalk.co.uk**
