

## Site Progress

Since the April newsletter a lot has changed on site. The frame of Block A is now up to the eighth floor, the final pour (the roof) of Block B was completed on Friday 20<sup>th</sup> May and Block C is now up to the fourth floor. With the frame and façade progressing we now have windows installed up to Level 3 in Block A and internal walls constructed on the first and second floor.

## What is next?

Over the next few weeks we will be completing the RC frame to all three blocks which will enable us to focus solely on the façade and internals as we move up through the blocks.

## Considerate Constructors Visit – 28<sup>th</sup> April 2016

We are proud to announce that the site received a score of 45/50

Checklist section	1 <sup>st</sup> visit	2 <sup>nd</sup> visit	Score descriptor
1. Care about <b>Appearance</b>	9	9	/10

**St James**  
Designed for life

Heritage Walk is a stunning collection of 74 private suites, one, two and three bedroom apartments and 17 shared ownership apartments together with commercial space for local businesses, all within landscaped grounds. This unique development unites contemporary living space with a heritage setting. Situated adjacent to St James's Kew Bridge West, the development incorporates courtyard gardens on elevated terraces and benefits from a concierge, residents gym and gated undercroft parking.

Located close to the Grade II listed Steam and Water Museum, with the magnificent Kew Gardens minutes away and within easy reach of Central London, Heritage Walk offers London village living with access to world class parks and open spaces.
